Flutter Mobile Application Developer, [templatecookie](#), Dhaka(Part Time(Project) - Codecanyon)

- Responsible for the design, build ,deployment, debug & maintenance of Android application for Google play and iOS application for Apps-Store .
- Applied various techniques to locate bugs and errors in applications for speedy issue resolution. - Experience in a real-time media streaming,routing and processing environment.

Junior Software Developer(Flutter), [appifylab](#), Sylhet (01/03/2021 - 31/12/2021)

- Hands-on working experience in Android and Hybrid apps development.
- Hands-on working experience REST APIs.
- Experience integrating mobile applications with back-end applications.
- Demonstrate an understanding of the full mobile development life cycle.

LANGUAGE AND TECHNOLOGIES

Comfortable: Flutter framework, Dart, RESTful APIs , MySQL , OOP,Firebase

Familiar: Kotlin

Tools: GitHub, VS Code , Android Studio, Notepad++, Chrome Dev tool,Postman

EDUCATION

BSc in CSE , Metropolitan University , Sylhet

2016 -2020 .

PROJECTS

Tex Bazar LTD ([Android](#) & [iOS](#)) :

TexBazar is designed specifically for the needs of the textile industry, whether you're a small retailer, a large manufacturer, or an industry professional looking to connect and trade. Bringing together trusted vendors, manufacturers, and service providers in one place, TexBazar makes it easy to streamline your business activities—from product discovery to price tracking and networking with peers.

- Used state management (Provider, RxDart) for responsive and maintainable code.
- Libraries : Sqflite, Hive , Upgrader , Push Notification , Onesignal , Pusher Client , Google Sign-In, gen_l10n , Apple Sign In ,

Photo Collage Maker & Editor([Android](#) & [iOS](#)):

Collage Maker & Photo Editor is a creative app that captures your memorable moments in a frame. Create an aesthetic collage using unique layouts, frames, filters, emoji, and stickers. No matter if you are a beginner or a professional photo editor, just select your photos, and this photo collage maker app will combine photos in a beautiful pic collage. So, the Grid Maker app is your perfect choice to edit pictures and share beautiful memories with friends anytime, anywhere.

- 3rd Party Libraries :Google Mobile ads, In App Review, Firebase Crashlytics, Firebase Auth,Push Notification, Google Sign-In.

PDF Scanner & Scan Documents([Android](#) & [iOS](#)):

Developed a user-friendly QR code and barcode scanner and generator app with support for scanning from camera and gallery. Enabled users to generate codes for Wi-Fi, websites, SMS, contacts, and more. Integrated features like flashlight support for low-light scanning, scan history tracking, and seamless code sharing via social media and messaging apps..

- Developed an iOS and android application using Flutter framework.

QR Code & Barcode Scanner([Android](#) & [iOS](#)):

Developed a user-friendly QR code and barcode scanner and generator app with support for scanning from camera and gallery. Enabled users to generate codes for Wi-Fi, websites, SMS, contacts, and more. Integrated features like flashlight support for low-light scanning, scan history tracking, and seamless code sharing via social media and messaging apps..

Document Scanner - PDF Scanner([Android](#) & [iOS](#)):

Built a full-featured mobile document scanner app in Flutter that transforms smartphones into portable scanners. The app supports scanning documents, photos, ID cards, and barcodes, with advanced features like OCR text extraction, signature drawing, image editing, and export to PDF/JPG.

- Developed an iOS and android application using Flutter framework.

Book3m (Android) : pending

Book3m Multi Vendor App is a hypothetical app concept that allows multiple vendors to sell their products or services on a single platform. It aims to create an online marketplace where vendors can connect with potential customers and increase their reach.

- Google Map integration with search location ,drag and drop your pin location on map.
- State Management use: Getx.
